Simulation Proposal
DUE Monday November 26th

Propose your disability simulation activity based on the research you did. Write out a “script” for your group. Anyone who picks this up should be able to run your simulation. The entire lesson should be 10 minutes long. Leave time for questions. (25 points)

Group Members Names:

Disability Topic:

Materials Needed:

KNOWLEDGE (Give the participants knowledge about the disability) :
EMPATHY (Simulation Activity - build empathy through the experience of the simulation. This should be a script that everyone can pick up and understand.):

ACTION (what are some tips or calls of action that we could all do now. Allow for some discussion/follow up from the participants.):
